

**Archbishop Walsh Academy
Southern Tier Catholic School
Student Release from School**

Parent/Guardian Authorization of Student Independent Release Form

Per Board Policy, **Student Release from School, Section III. "Student Release from School after Dismissal, Part C.:**

*Students, Gr. 9-12, may leave the school building independently [after school dismissal] only after a parent/guardian completes and submits the appropriate **Parent/Guardian Authorization of Student Independent Release Form** to the School Office. In this instance, parents/guardians accept responsibility and liability for their child's safety and conduct when the student leaves the school building. Correspondingly, parents/guardians recognize that the School's liability and responsibility for student safety and conduct cease when the student leaves the school building unless and until the student returns to the school building for an authorized program or activity.*

Therefore, parents and legal guardians may authorize their child who attends Archbishop Walsh High School, Gr. 9-12, to leave the school building independently after school dismissal by completing, having **notarized** and submitting this form to the principal or his designee.

The most recent version of this form will remain in effect unless and until the parent or legal guardian withdraws the authorization or limits the authorization to a single event or series of events.

Please indicate below the name of your child whom you are authorizing may leave the school building independently.

Child's Name: _____ **Grade:** _____ **Date of Birth:** _____
